

The Jim & Sandra Stafford Scholarship in Energy Management

Help “Grow” the OK-NARO-Endowed Stafford Scholarship Fund!

The establishment of the Stafford scholarship by Oklahoma-NARO is a validation of the partnership between royalty owners and oil and gas operators in the development and production of our nation’s vital oil and natural gas resources.

The OU Energy Management program not only provides a broad-based curriculum for those who will be dealing with mineral and royalty interest owners on a variety of corporate levels, it is also an excellent course of study for future managers of family-held mineral trusts and royalty companies.

The scholarship will provide an estimated \$750 each year to a qualified undergraduate student majoring in Energy Management. A representative of OK-NARO will participate in the selection of scholarship recipients.

Gift to the Jim & Sandra Stafford Scholarship in Energy Management Michael F. Price School of Business • University of Oklahoma Fund # 42170
